EDDIE DEVINE

SONGWRITER • PUBLISHER • AUTHOR

After **36 years** away from songwriting, Eddie Devine picked up his pen again. Beginning in **January 2026**, he produced **61 songs** in just two and a half months, writing the lyrics, arranging the music, and completing the master demos.

WHAT FOLLOWED NEXT WAS UNEXPECTED:

A calling and a deeper understanding of God's presence throughout his life.

ABOUT EDDIE

Eddie Devine is a songwriter, publisher, and author born in Los Angeles and raised outside of New York City.

His songwriting journey began with a chance encounter outside the Motown building in West Hollywood. Music publisher Doug Stebleton invited Eddie to share some of his songs, and that meeting led to his first publishing agreement through Transition Music in Hollywood. One of those songs was later featured in an episode of ABC's *Doogie Howser, M.D.*

A short time later, Eddie traveled to Nashville to participate in a songwriting project for a Christian artist. During that season, however, he made a different choice. Rather than remain separated from the woman who would become his wife of more than 35 years, Eddie left Nashville and returned home.

Then life happened. Over the next three decades, Eddie never picked up his pen again to write another song.

In 2026, God returned to Eddie a gift he had long ago come to terms with leaving behind: songwriting. After leaving Nashville and moving on with life, he never imagined he would one day find himself writing songs again.

Over the next two and a half months, Eddie produced 61 songs, writing the lyrics, arranging the music, and completing the master demos. As the songs continued to come, he found himself wrestling with a question:

WHY HAD GOD RETURNED THIS GIFT?

Eddie didn't believe God had returned songwriting simply so he could chase the music industry or build something for himself. He sensed there was a deeper purpose behind it all. A conversation with his former music publisher, Doug Stebleton, helped bring clarity. During that conversation, a simple conviction emerged:

"I'D RATHER WIN SOULS FOR HEAVEN" THAN HAVE DOLLARS IN MY HAND.

Eddie knew he had his answer.

Not long afterward, he felt God calling him to write a Christian Hip-Hop album for a younger generation searching for identity, hope, and purpose.

Eddie answered that call in obedience. What began as a music project soon became something far more personal, as God used the songs to reveal His presence throughout chapters of Eddie's own life.

That journey became *My Story. His Glory.*, a 10-track Christian Hip-Hop project and accompanying memoir built around Eddie's testimony and a truth that has come to define this season of his life:

GOD WASTES NOTHING.

Today, Eddie writes across multiple genres, including Christian Hip-Hop, Contemporary Christian, R&B, Country, and Worship. Through Eddie Devine Music and Intercession Music Works (ASCAP), he continues writing and developing music while sharing the testimony behind *My Story. His Glory.* through radio, podcasts, and other media opportunities.

Whether through a song, a conversation, or the written page, Eddie's purpose is the same: to point people to Jesus Christ.

FEATURED PROJECT

MY STORY. HIS GLORY.

10-Track Christian Hip-Hop Album

God called Eddie Devine to write a Christian Hip-Hop album for a younger generation searching for identity, hope, and purpose. Eddie had never written a Hip-Hop album before, but he answered that call in obedience. What happened through the writing was something he never expected.

HE HAD BEEN THERE ALL ALONG.

As he began putting pen to paper, Eddie realized that God was using chapters of his own life to shape the songs. Memories and experiences long buried or forgotten began resurfacing, not simply so he could write about them, but so God could reveal something he had never fully understood:

HE WAS LOVED.

Through the writing process, God began dismantling an identity Eddie had spent much of his life building around acceptance and validation. He came to understand that he no longer needed the mask. He no longer needed the world's approval. He could go directly to the Source, and the Source was God. And with that realization came another:

What began as obedience to write ten songs became an intimate encounter with God. Through the songs, Eddie revisited the defining moments of his life, recognized God's presence in places where he once thought He was absent, released burdens he had carried for decades, and finally understood where his true identity came from.

THE ALBUM WAS NEVER THE DESTINATION.

It was the instrument God used to reveal a profound truth. Even when Eddie couldn't see God, God never lost sight of Eddie. God wastes nothing. He is still in the business of transforming lives. Eddie's story may be his, but the glory has always belonged to God.

My Story. His Glory. A Life Redeemed.
